

## North Renfrew County Health Link Communiqué

Six months into implementation and we welcome the time to take stock of our blessings—continuing and growing engagement from various parts of the health care and social services communities, on-the-ground care coordination with complex patients, and investment of time and training into local resources.

### Choices and Changes Workshop

November 27<sup>th</sup> was a successful day of training for front line clinicians from EMS, Health Link Care Coordinators, Community Mental Health, CCAC and Pembroke Regional Hospital in improving communication techniques with patients through the “Choices & Changes” curriculum.

*“Well presented, there was time to share experiences, and useful professional content!”—Choices and Changes Workshop participant.*

### Holiday Coverage

We will have a Care Coordinator, Shawna DeJong, in the office throughout the holiday season. Please contact her by cellphone 613-633-3036 and leave a message if need be.

For more information please contact Jennifer Kennedy, Project Manager:

Phone: (613) 732-3675, ext. 8740  
Fax: (613) 732-9986
